

Sales per Country

for the most orderd Media Type

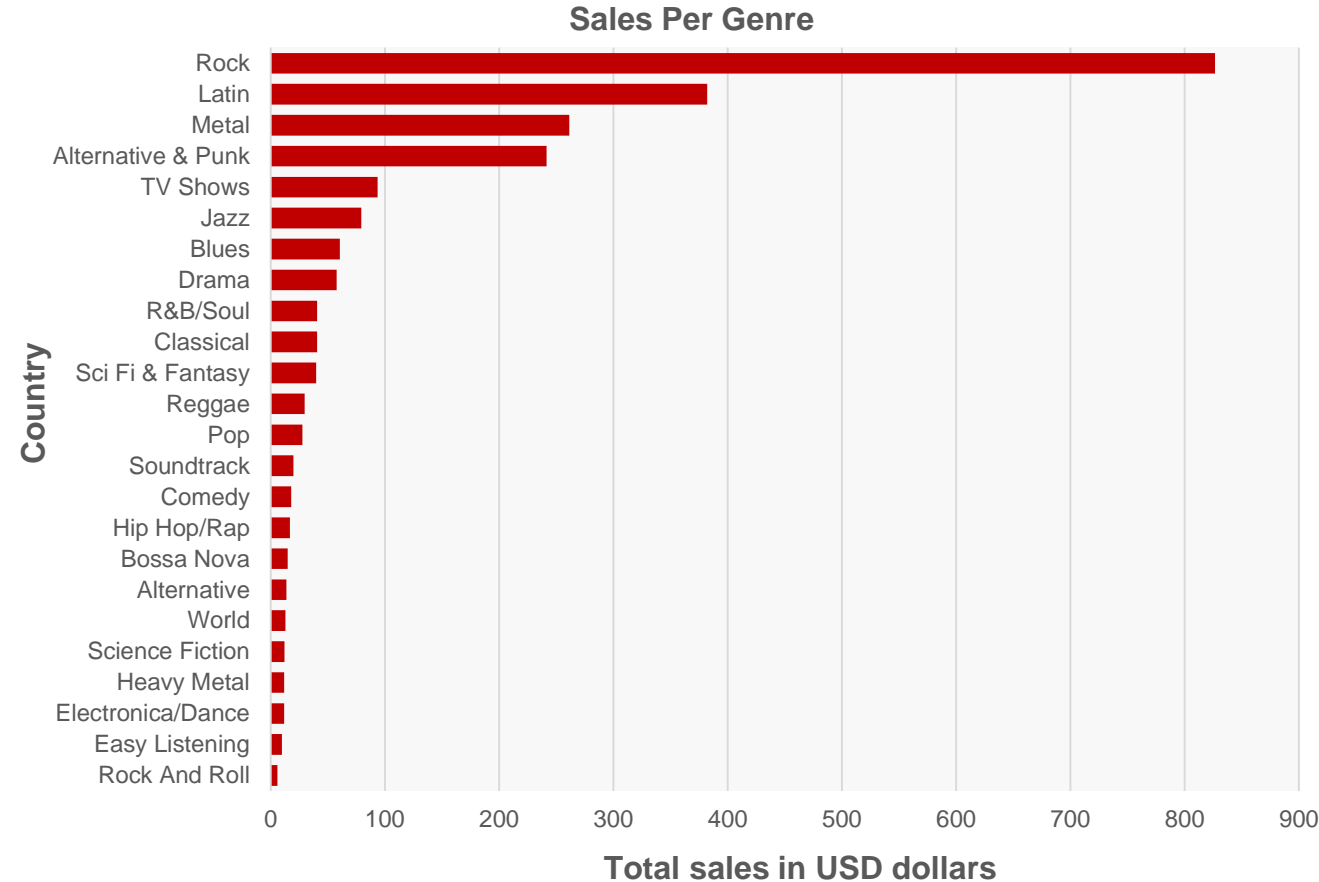

The **Most** orderd Media Type is "**MPEG audio file**" with 1976 orders , \$1965.24 USD

We can see That,

USA is the country which orders the most of it , Followed by Canda and the rest are Not Significant.

But Again the **Same Pattern** you'll see if you look at the highest sales per country for **all Media Type**; So it's Not Related to the Media Type.

Sales Per Genre

We can see That,

Rock has the Highest sales with Significant advantage over all the other genres, followed directly by Latin, Metal, and Alternative & Punk.

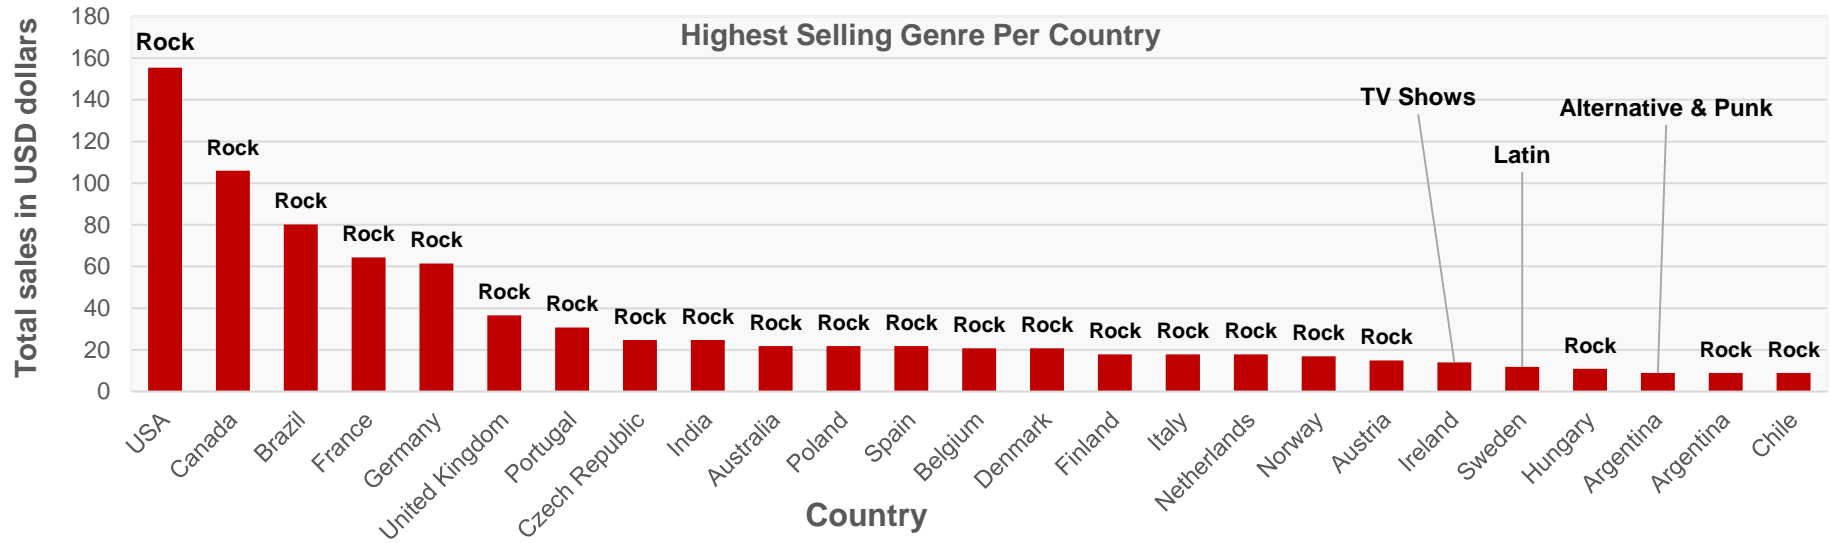

There're two reasonable conclusions we can drive from this:

1st : "Rock" is rocking the world.

2nd : **There're a lot of "Rock" on that store...** That's the logical one...

To make a proper conclusion we'll have to investigate more.

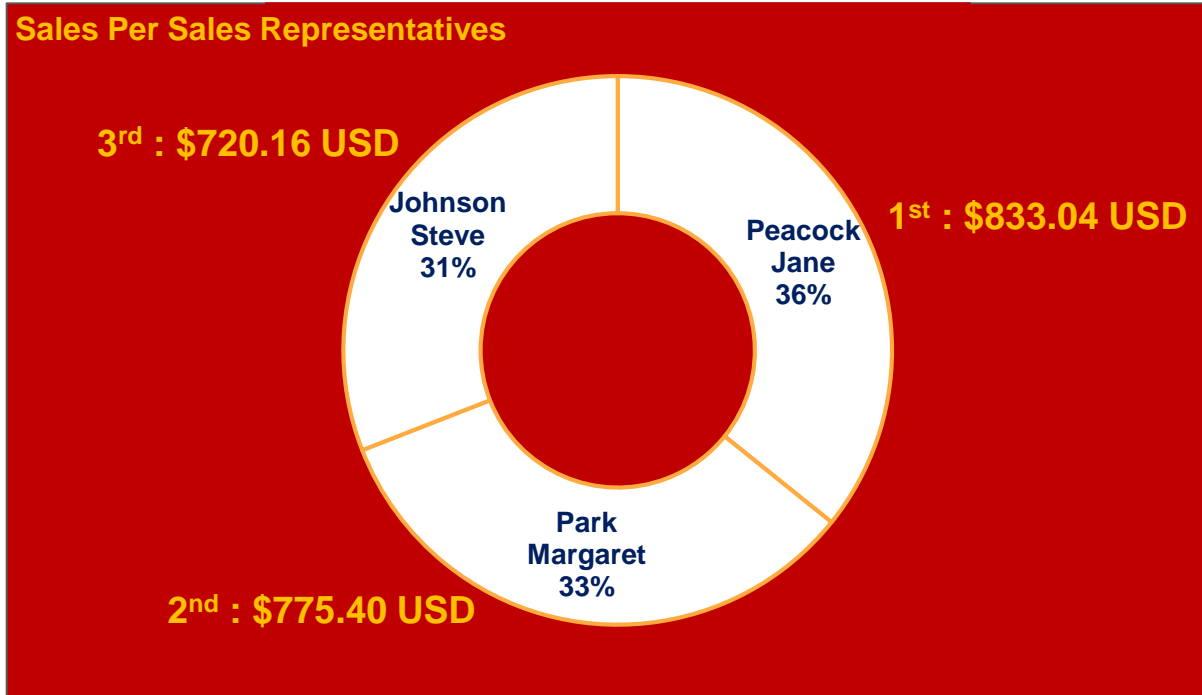

Highest Selling Genre Per Country

We can see That,

- Again "Rock" is the best selling Genre among 21 countries, Except for Ireland, Sweden, and Argentina.
- Also, as it's fitting with the data the highest amount of sales is in the USA.

Sales Per Sales Representative Agent

We can see That,

Out of 8 employees,

There's only **3 sales representative agents,**

and Although there're little amounts of differences in the amount of sales they achieve it's almost equally distributed with only **\$100 USD difference range.**

Peacock Jane made the highest amount of sales.
